For General Deblity, from which Ladien frequently suffer, there is not its count in the whole Materia Medical.

THE inventor of this preparation was for three years a Completely prostrated from Dyspeys: and imedivity of the Liver that he was frequently for weeks at a time unable to raise himself from his heel. He sought aid from physicians at home and in Europa, but in vain, his case was pronounced hopeless by thousands, and it was by accident that he succeeded in curing himself. Since he has been practicing medicine, his success in such cases has been unrivailed. He has been average of the incomplaint of the mobile and teme, his success in such cases has been durivated. He has been aware of the incredulity of the public, and consequently said nothing through the press of his own case, until the character of the medicine was fully established by its aucess, as shown by the certificates which have oeen advertised. I subjoin the certificate of Prof. M. Gammer, of Memphis,

Tenn., with whom I aften advised during the time of my Suffering.

Mesonus, Tenn., April 17, 1852.

I hereby certify that I have been acquainted with Dr. J.

N. Bledsoe and some years ago be was reduced I set ever lower than I have over seen any one that afterwards recover-

ed, with what I supposed to be Dyspepsannai Laver affection, and after trying the prescriptions of many Physicians in this as well as other countries, without relief, he finally succeeded with a preparation of his own in being restored to good health.

M. GABBERT, M. D. Physicians are requested to try this preparation. We feel satisfied it will sustain the character we give to it in this publication.

feel satisfied it will sustain the character we give to it in this publication.

HENERVILLE, January 12, 1852.

Dr. Bignson:—I take the liberty and fell it to be my duty to recommend to all persons suffering from disease of the stomach and bowels, your Alterative Compound, as a very seperior medicine. My son, aged 15 years, ind been under medical treatment about five years for dyspepsia and diarrhea—when having almost despured of his recovery, I concluded to try your Alterative, two bottles of which, I believe, entirely sured him.

Dr. Rigisog — Some time has elapsed since I gave a contificate that my wife had been greatly benefited by your Alterative Compound. I now take pleasure in saving to the public, that my wife had fur three or flur rears been subject to the worst kind of spells of crusop in the stomach the public, that my wife had for three or flur years been subject to the worst kind of spells of crustop in the stormed from dyspepsia. I had tried of several whom I thought to be the best physicians in the place and a great many differen medicines, with momentary relief. Being persuaded to try your alterative compound, I did so—and I am happy to say that it has entirely cured her; and I would conscientionsly recommend it to all persons suffering from diseases of the liver and dyspepsia.

N. B. ROHERTSON.

HUNTSVILLE, Sept. 29, 1851. Dn. Blanson—Having seen the publication of your Alterative Compound, I think it my duty to say to the public, that I had been for years subject to spells of Cramp Colic, in its worst form; that I had tried almost every thing that is given by physicians, and never found any thing that would certainly relieve me, until I tried the above medicine, which has relieved me in every attack in less than an boar.

WM B LLOYD WM. B. LLOYD.

GRES COUNTY, Tenn., Dec. 23, 1851.

Dr. Blerson;—I feel that I should fall short of my duty to you and to those who are afflicted, were I not to further ecommend your Alterative Compound. It has entirely re-ieved me, so that I have not had cause to take anything in two months. I can eat anything I want with impunity, and believe my health is as good as it ever is at my advanced age. Should I ever suffer from dyspepsia again I shall be sure to call on you. I am very respectfully our friend. ELIZABETH J. HARWOOD.

Heresville, Ala., August 24, 1851.

This is to certify, that I had suffered for many years with Dyspepsia and Diseases of the Liver. Physician after Physician had prescribed for me without my receiving any benefit, when I commenced the use of Dr. Bledsoc's Alterative Compound, which can'd me soundly, and I recommend it because of the same happy effect upon others of my nequaint ance.

JOSEPH CAROTHERS.

HUNTSVILLE, Ala., March 8, 1852. HUNTSVILLE, Ala., March 3, 1852.

Dir. Briedson.—Ser: Judging from the certificates you have already advertised, it will be almost unnecessary for me to add further evidence in regard to the healing virtues of your Compound; but I must say, that for years I suffered a great deal from Dyspessia and enlargement of the spleen, and thought that I never would recover. I commenced laking your compound about nine weeks since, and have gained the recovery and find about a year law I way did. 25 or 3e pounds, and feel about as well as I ever did.

This was an extreme case of inflammation of the spleen, of long standing; has a variety of treatment from no less than eight different physicians, without receiving benefit—was cured by the use of only four bottles of the Magnetic Ointment. This was four-months ago and the lady (a Mrs. Dunham.) is still in good health, and able to attend to her usual conschold doties. There treated two cases of Chronic Sore Eyes with the Ointment, both of the patients so nearly blad, as to need an attendant to lead them from place to place. One of them had been afflicted 18 years, the other about 9 years. They had tried the best physicians in the about events. They had tried the best physicians in the State, without benefit; and one of them had been under the treatment of the celebrated Dr. Mozzy, of Cincinnati, for eighteen months, and had expended hundreds of dollars in vain efforts to effect a cure. They are now by use of the Magnetic Outment, nearly or quite cured; and are able to read and attend to any ordinary business. I have used the Ontment in a number of cases of Piles, and in no case has it failed of giving immediate relief and generally a permanent cure. CHOLERA INFANTUM, and the Asiatic Cholera.

It never fails to caure the worst possible cases of bowel complaints in a few hours. It is purely vegetable, and taken in almost any quantity is perfectly harmless.

Most remedies in use for Diarrhea look up the peres of the intestinal canal and only for a time alleviate the disease by preventing the expulsion of the nerid fluid, which will almost invariably poor forth again, with increased violance, though nature sometimes overcomes the evil, while the remdy alone bears off the praise. Not so with the Dysentery. Syrup. Its ingredientare the natural anticlotes to these complaints. It changes the nature of the fluids, and causes their explusion in a natural maturer. It does not leave them to inexplusion in a natural manner. It does not leave them to in-flame the surface of the stomach and bowels, but attacking the cause, it neutralizes them, and the disease immediately subsides. The operation of the Syrup is threefold. It im-mediately reaches the seat of the disease and arrests its course; it instantly scothes pain and rectores the system to perfect quiet. The inflamed surfaces of the stomech and intestines are guarded against further violence by the neu-tralization of their acrid contents, and thus the body re-sumes it natural healthy functions. THIS MEDICINE NEVER FAILS. A complete cure s warranted. Price only 50 cents per bottle.

TAKE pleasure in announcing that their establishment at Buenn Vista Springs. The romantic, healthful and nicturesque character of the locality at Buena Vista Springs is so widely and generally known through the numerous visitors who annually resort to the place for its medicinal waters, that the proprietors decay it necessary to say but little on the subject. The country is wild and broken, abounds in game, is exempt from epidemic invasion, has an unconfined and salubrious atmosphere, and the establishment is supplied with an aboundance of pure running freestone water, equal to any in the State.
